

SHAMANIC HEALER PRACTITIONER

This new practitioner course offers kind, inclusive and non-dogmatic learning. With the emphasis on safe and respectful relationship to each other, spirits and all our relations.

The course runs over two years and provides ample opportunity for participants to explore the principles of Shamanic Healing.

It covers more than 10 different Shamanic Healing practices, including: building respectful relationships with the Spirits and spirit helpers, journeying, meditation and protection, as well as other elements common to all healing practices, such as building a successful practice.

The training is led by Lorraine Chamberlain and Jim Brant (Healingworks.org.uk).

SHAMANIC HEALER TRAINING

Accredited 2-year training

COURSE OUTLINE

PRE REQUIREMENTS

It can be helpful to have attended a Shamanic course prior to starting this Shamanic Healing training, although this is not essential. The course focuses on Shamanic healing.

YEAR ONE

The format of the course allows participants to be sure the approach of the teachings is suitable and Shamanic Healing is for them. The first year is split into 4 individual stand-alone weekend modules which can be taken in any order and paid for separately allowing participants to fit the training to their life demands. Completion of the 4 modules gives the participant a good grounding in Shamanic Healing and a greater awareness of their own connection to spirit and the world around them.

Discovering Shamanic Healing weekend

- Learn about levels of existence, protection and Shamanic energy centres
- Attune to guides, animals and plants for guidance and increase sensitivity to healing energies
- Experience opening and closing a healing session including inviting and sending away spirit helpers

- Perform an Extraction healing
- Complete a Feather blessing ceremony
- Learn about Spirit guides and their role in healing

Healing and Energy Fields weekend

- Work with drum and rattle energies for healing
- Experience energies of scared objects
- Use visualisation for relaxation and mediation
- Clear and protect a space using Holy Water
- Experience and perform a Tunnel extraction healing
- Use journeying to gain information and guidance
- Attune to animal spirit guides

Healing for Wellbeing and Transformation weekend

- Develop listening and body watching skills
- Understand stress response and addiction on the Shamanic energy body
- Learn about the bodies major systems and their Shamanic relationship
- Understand Spirit entities and their impact on health
- Experience and perform Entity healing

- Experience and perform Feather healing
- Experience and perform Shamanic energy balancing

Path of the Practitioner weekend

- Develop diagnosis skills for self-development including maintaining an ongoing shamanic connection
- Explore the Shadow-self
- Experience Shamanic energy sourcing
- Learn how to undertake distant healing using time and space ceremony
- Experience and perform aura feather healing
- Prepare space and self for healing
- Apply best practice and ensure your practice complies with legal requirements

YEAR TWO

The second year develops Shamanic Healing further, working with soul retrieval, death and dying, trauma and meeting requirements of becoming a professional Shamanic Practitioner including case studies, anatomy and physiology and demonstrating professional healing standards.

The year involves extended healing practice and due to the nature and respect of the work participants commit to the full year, 3 weekends. Successful completion of the second year leads to recognition as a Shamanic Healer Practitioner.
